

VentureClad™ 1579CW®

J A C K E T I N G S Y S T E M

Venture Tape VentureClad™ 1579CW® (VentureClad™ Plus) is a zero permeability, absolute vapor barrier for insulation cladding and jacketing applications. A 13-ply, material is as tough as metal but installs quickly and easily with no special tools required.

VentureClad™ 1579CW® exceeds most building code requirements and can be used for new construction as well as repair on existing structures.

Available in natural aluminum or white VentureClad™ 1579CW® is the highest performing product on the market today.

Features & Benefits

- Flexible, strong, fabric reinforced insulation cladding product combines vapor barrier function with heavy-duty all weather mechanical protection
- Ultra high performance jacketing product performs well over a wide temperature range (-30°F to +248°F application surface temperature)
- **Venture CW® cold weather acrylic adhesive** applies easily at temperatures as cold as -10°F
- Zero permeability, absolute vapor barrier
- High puncture and tear resistance
- UL Listed – exceeds all requirements of UL723

Product Configurations

- Available in Natural Aluminum (1579CW®) and White (1579CW® - W)
- Standard widths: 23", 35 ½", and 46"
- Standard length: 25 yards
- Custom widths and lengths available, contact Venture Tape for specifications and requirements
